

Appellant: Shaneka Stroman

Respondent: <sup>-v-</sup> Swansea police department, Town of Swansea,  
Chief Cliff Hayes in his official capacity.

## "Motion To Change Venue"

Under Section 1404(a) of Title 28 provides that: For the convenience of parties and witnesses, in the interest of justice, a district may transfer ANY other district where it might have been brought. "Any party, including, plaintiff / Appellant, may move for a transfer under under 28 USC § 1404(a). 2018

As the appellant the reason I'd like to change venue is because of the bias and the political atmosphere. I believe because of these issues this would prevent me from obtaining a fair trial which has already happened to me in the ~~town~~ <sup>town</sup> which the case filed.

Also, the nature and gravity of the offense to me is grave. Along with the Sixth Amendment guarantees I'd like to please change venue. The sixth amendment gives you a right to a public trial without a delay. Long story short, I would like my case to federal court because of the interest of JUSTICE. It'll be more convenient for a person like myself. For prejudice your honor could you please change the venue to Matthew Perry's Federal Court at 901 Richland St, Columbia SC, 29201.

Respectfully Submitted,
