I am requesting emergency relief on the grounds of wrongful eviction. After the Motion to recall was filed Henderson Gibbs entered with 3 other men and removed my belongings when Dorchester county sheriff office was called even though I presented documentation I was told to leave or be arrested. This morning Henderson Gibbs and his men have been hauling my belongings to the dump. I have contacted the Dorchester County magistrate Court and the sheriff office and nothing has been done to stop this. I am now requesting that the eviction be thrown out and that I be awarded my original claim plus damages as well as reimbursement for my belongings.
