Dear Clerk,

APR 27 2022

SC Court of Appeals

Take Notice that I the petitioner pro se, will be filing a writ for a state habeas corpus. I'm requesting that you can send a (full) copy of the Johnson Appendix filed previously with the court of appeals for further review by the supreme courts.

Failure to provide petitioner with requested copies will result in violation of his constitutional rights to due process and a procedural default. Where petitioner equal protection of rights stands to exhaust his state remedies to his fullest extent to prepare and produce to the courts an different outcome of his case.

Therefore, my request has been submitted and I thank you greatly

Kenneth Murray
