Appellant Case No. 2022-000068

McKinley Wright Jr.

Appellant,

v.

**South Carolina Department of
Employment**

Respondent,

**And Workforce
And SEFA Transportation Inc**

**MOTION TO REINSTATE CASE FEBRUARY
21, 2022**

McKinley Wright Jr. appeals the order of the Honorable Shirley C. Robinson dated October 5, 2021, and December 14, 2021. Appellant received written notice of entry of this order on October 8, 2021, and December 17, 2021. The reason why I want the case reinstated is because I sent a copy to all parties before January 28, 2022. I am also showing proof by sending a letter dated October 12, 2021, included in the envelope showing proof that I have sent the letter to all parties. I had sent the Administrative Law Court the letter a month before and they never answered me back and I called to see if they received the letter and I told them I sent it to them. Mrs. Robinson's assistant Mrs. Steel said she didn't get the letter at first. Then I called back a week later saying they got the letter. And the Administration Law Court Clerk wrote on the bottom of Judge Shirley C. Robinson's ruling that they received they applicant motion in a timely manner.

Applicant: Mckinley Wright Jr.

Vs.

Respondent: South Carolina Department of Unemployment and Workforce, and SEFA Transportation and Inc.

Document no. 21-AI.J.22.0180.AP

Dear Administrative Law Court,

My name is Mckinely Wright Jr., and I am appealing the decision ruling that the Honorable Judge Robinson made. Saying that I have a history of unsafe behavior on the job. Because you can't say that I am unsafe, and SEFA Transportation did not give me a drug test or did not find any alcohol in my system. The South Carolina Department of Unemployment and Workforce cannot say that I was unsafe either because they have never been to the landfill to see that I was unsafe, and also SEFA Transportation company employers have never been to the landfill until the accident happened. After the accident happened SEFA Transportation stopped the trucks like I was driving from going into the landfill and started putting the material in a belt tailor that spins the ash out. The ash got stuck in the belt tailor and wouldn't come out of the belt tailor. The safety specialist Jody Neuroth already testified that he couldn't say that I was unsafe because the truck was already turned over before he got there. Tommy the supervisor from Saint George plant came to me first and looked at it and said it looked like whoever loaded the truck looked like they put too much on one side causing the truck to turn over. SEFA Transportation denied that I told anyone about the truck was overweight when I got on the scale. I wrote on paper to the Administrative Law Court that I told Cory Robinson that he needed to talk to the people at Winyah Star Plant that they were trying to load two trucks on one tailor. The truck was not overweight when I took it to the landfill, but the attorney Grant M. Willis lied for SEFA Transportation and wrote in his report that I drove the overweighted truck to the landfill and didn't tell anyone about it. Gina Pendergrass lied and said that there was no record of them knowing that the ash was being wet at the Star Plant. I gave a list of witness names that know the ash was wet, and none of that was viewed in my favor. Gina Pendergrass doesn't know what we do because she is not the dispatch. I was fired all because of a lie that Cory Robison wrote in his report to satisfied Jim Widowfield the president of SEFA Transportation and I was hurt on the job and fired at the same time and they also stopped me from seeing the doctor while the doctor was treating me. They also denied my works compensation because of a lie. SEFA Transportation are the ones with the misconduct and racial behavior, and nobody said anything about that fired during the pandemic with a family with no income coming in and the DEW has the nerve to say I have the misconduct and SEFA Transportation has the racial behavior hate in their heart. I am also requesting a hearing.

Sincerely,

Mckinley Wright
