Attached please find for filing my Notice of Appeal from the Order of Dimissal filed in the above captioned matter Post -Conviction case on April 22, 2022. This Order of Dismissal was received at my law form on either May 27 or May 28th and therefore is timely served and file don today's date. I have served opposing counsel, Meghan Jameson by copy of this email and attach my Certificate of Service documenting that service. I have not attached a clocked copy of the Order of Dismissal. I apologize for that omission and will send a copy by separate email tomorrow if not later today. Thank you for your kind assistance with this filing.
