**PETITION FOR A WRIT OF CERTIORARI**

Petitioners petition the Supreme Court of South Carolina for a Writ of Certiorari to review the orders, letters, and overall management of the South Carolina Court of Appeals in the above cited case beginning with the orders and letters of 14 May 2021.

A petition for review of the dismissal of this case was timely made and apparently ruled on by order of 19 May 2022. A motion to clarify the order of 19 May 2022 is being simultaneously filed with this Writ of Certiorari and this Writ will be updated to finalize the

questions presented for review within ten days after receiving the Court of Appeals response to the Appellants' motion to clarify. Consequently, this Writ will be amended once the Court of Appeals response is received to include a complete list of the orders, letters and motions the Appellants requests the Supreme Court to review.

The primary questions which are currently expected to be presented, depending on the Court of Appeals response to the motion to clarify, will predominately revolve around:

1. Ms. Claire Allen's letter of 1 December 2021 and its highly questionable use thereafter
2. the County of Charleston's and the State of South Carolina's ongoing improper use of a BAIL PROCEEDING FORM II Other Conditions to obstruct Appellants' ability to timely order a required transcript
3. the effect and / or necessity of appealing orders which are void as a matter of law due to a number of potential issues, including but not limited to the respondents' and the County of Charleston's numerous and overt violations of Chief Judge Beatty's 6 May 2020 order requiring a COVID Certificate of Compliance be filed prior to any other actions being taken in a case seeking foreclosure, sale of property or eviction.

All of these issues clearly affect the Court and the Judicial System it is responsible for as well as represent matters of great public interest.
